After the temporary organization, Dr. Loring, of Massachusetts, offered a resolution, which was adopted, declaring "that the roll of the States and Territories be called," and that the chairman of each delegation announce the names of the person selected to serve on the committees: First, Credentials; second, Permanent Organization; third, Rules and Order of Business; lourth, Committee on Resolutions.

The Chair put this motion, and declared
that Mr. Dutcher's motion to reconsider
was laid on the table.
Thereafter the Territories and the District of Columbia were represented on all
committees, and voted each two votes.
The Committee on Rules and Order of
Business reported on Rule 1 that States
should be called in alphabetical order,
and next the Territories and the District and next the Territories and the District of Columbia; in Rule 2, that each Terri-tory and the District of Columbia should be entitled to two votes; and in Rule 10, that the National Committee consist of one member from each State, Territory, and district.

Territorial and the District of Columbia nembers of the National Committee join-ed in the call for a National Convention, which invites two delegates from each l'erritory and the District of Columbia.

Billous, Remittent and Intermittent Fevers which prevail in missmatic districts through the summer and autumn are invariably accompanied by derangements of the Stomach and Liyer. There is always a weakness of the stomach and torpor of the bowels. Dr. Tut's Liver Pills are peculiarly adapted to such cases.

In the past few months there has been more than 500,000 bottles of Shiloh's Cure sold. Out of the vast number of people who have used it, more than 2,000 cases of Consumption have been cured. All coughs, croup, asthma and bronchits, yield at once, hence it is that everybody speaks in its praise. To those who have not used it, let us say, if you have a cough, or your child the croup, and you value life don't fail to try it. For lame back, side or chest, use Shiloh's Porous Plaster.

The question having been put, Gov. Morgan declared that Mr. Pomeroy had been chosen.

Mr. Pomeroy made a speech. Two temporary Secretaries and a Sergeant-at-Arms were "elected;" and then Dr. Loring, of Massachusetts, offered a resolution, which was adopted, that the reli of States and Territories be called and the names an incunced of persons to serve on the committees, first, Credentials; third. Rules and Order of Business; fourth, Resolutions; which course was pursued, States which were contested being omitted.

The Committee on Permanent Organization reported.

The next day a Committee on Rules and Order of Business reported Rule 3, providing that the order of business should be, first, report on Credentials; second, on Platform and Resolutions; skiller that nominations, which was the course adopted.

Thousands of people, who are afflicted with a diseased liver, indigestion, heart burn, waterbrash, sour stomach, or a generally intolerable biliousness, as it is termed, use mercury. This is done retuctantly perhaps, but the common-place argument is, Oh, nothing will reach the liver and spleen except blue mass. Could I get something else I wouldn't use it. Reader, you can get something else, and that something else is Simmon's Liver Regulator. It is equal in power to blue mass, and without any of its injurious effects.

Dr. WM. ALEX. GREENE, Macon, Ga., writes: I have tested the virtues of Colden's Liebig Liquid Extract of Beef, in general debility, weakness, depression, dyspepsia, loss of appetite and nervious afflictions, and have found it the best remedy I ever used.

tion that, I think, will solve the whole problem—that the other Territories of the United States, except Colorado, be admitted to the floor of this Convention without the right to vote. That was the action of the Convention at Baltimore in 1884, and I move that the District of Columbia be also excepted.

Mr. Saunders, of Montana, spoke in favor of allowing the Territories to vote. Mr. McClure sgued in favor of his proposition. Mr. Grout, of Vermont, argued for caution. Mr. Bingham, of Ohio, moved to refer the question to the Committee on Credentials.

Mr. Van Zandt, of Rhode Island, seconded the motion, and the motion prevailed.

Report adopted.

The Committee on Rules and Order responted Rule (1), that the Republican National Committee should consist of "one member from each State, Territory and district represented in this Convention."

Daring the subsequent proceedings the Territories and the District of Columbia were regularly called, cast each two votes, and also reported each its member of the National Committee.

ORGANIZING CONVENTIONS.

The Manner in Which the Republica National Conventions Were Organize from 1868 to 18; 6. The following from the Chicago Tribuna hows the manner in which the Republi can Conventions were organized from 1868 to the present time. In 1868 Gov. Ward, of New Jersey, Chairman of the National

Committee, called the Convention to or der and made remarks. Prayer was offer ed. Then the Chairman said: "By direc tion of the National Committee I nominate Carl Schurz, of Missouri, as Temporary Chairman of this Convention. As many of you as favor the adoption of this nom-ination will say aye." The nomination

ination will say aye." The nomination unanimously prevailed. Gen. Schurz was conducted to the chair and made a speech. Two temporary Secretaries were appointed, and then the Chairman said:
"What is the further pleasure of the Convention? I think it has been customary that each delegation should present one of their number as a member of the Committee on Credentials."

Mr. Smithers, of Delaware, moved that the Committee on Credentials be appointed, consisting of one from each delegation; and the Committee was so raised without objection, and apparently without the Convention's voting on the motion,—omitting the two States of Maryland and California, the delegations from each being contested. ng contested. The Committee on Permanent Organi

zation was next appointed in the same way. Next the Committee on Resolutions Next the Committee on Rules and Order of Business.

Reports of Committees—The Committee on Permanent Organization reported first, the Committee on Credentials next, the Committee on Rules and Order of Business

next. The rules provided that the reports

should be acted upon: first, Credentials; second, Resolutions; and next the nomi-nation of candidates; which was the course pursued by the Convention. The Convention was called to order by Committee. After his speech and a prayer ne said, "I have the pleasure, by the in-structions of the National Committee, of oresenting to you the Hon. Morton Mc airman. Those of you who favor that otion will say aye."

The nomination was unanimously con-

firmed. The temporary chairman made an address. Three temporary secretaries were appointed. Then the chairman proceeded:
"It is customary at this stage of the proceedings for the delegates from different States and Territories to designate one member of their number for the Committee on Credentials, The Secretary will call the roll."

The list was thus made up from each State and Territory.
The Chairman then said: "The Secretary will now proceed to call the roll of States, in order that the delegation from each State may suggest one of their number as a nember of the Committee on Permanent Organization," and that Committee was made up in the manner thus directed, and subsequently the Committees on Rules and Resolutions.
The Committee on Permanent Organization reported first, and a permanent organization was effected.
The next day the Committee on Rules and Order of Business reported, and reported that the reports should be disposed of: first, that on credentials; second, that on Platform and resolutions; and then should come nominations of candidates.

The rules were subsequently suspended The temporary chairman made an ad

The rules were subsequently susp and Gen. Grant was nominated for President before the report of the Committee on Resolutions, which was made and adopted pending the nomination of Vice President. The Convention was called to order by Sov. Morgan, Chairman of the National Committee, and, after prayer, Gov.
